Appendix Specs: $F > 10$ or $p < 0.05$ with $F < 10{,}000$

Full regression tables follow

Total qualifying specs: 44

Criteria: include a table if at least one combo has genuine $F > 10$ with $F < 10{,}000$, or at least one coefficient with $p < 0.05$ in a combo whose $F < 10{,}000$.
